

# GRADUATE SCHOOL EES

## Scientific Writing Workshop

### Goal

The workshop aims at improving your skills in writing a scientific paper, including:

- Developing a clear main message
- Priority setting in the writing process
- Structure and logical flow of the text
- Create meaningful graphics
- Memorable introduction and abstract
- How to develop a daily writing routine
- Efficient communication with co-authors

### Schedule

19/01/2022 + 26/01/2022, 9:30 – 17:00 h

The workshop will be held online.

### Preparation

Given that this is a hands-on webinar, you need some (analysed) data that can serve as the foundation for a journal article. Please also bring some scientific texts written by you (e.g. Bachelor or Master thesis, as well as any published or upcoming papers) to the seminar.

### Workshop Instructor

Dr. Carsten Rohr

### Registration

Please register by sending an email to: [johannes.schnaidt@uni-ulm.de](mailto:johannes.schnaidt@uni-ulm.de)

Registration deadline: 17/12/2021

The number of participants is restricted to 15.

The workshop is open for GS-EES members.

1 CP within communication.
